Yes send the final – sorry we didn’t confirm that previously.

Yes, they are still working and if Elliot has time go, and if not we can hold off.

Thanks,

Steve

Steve,

Yes, we created QAPPs. I sent the draft versions to you prior to the start of work. Should I go ahead and finalize? If so, I'll send an electronic version of the signature page so we can add your signature for the final pdf version.

On another topic, you were going to ask Tony if they were still working in Rico and let me know if Elliott should do one last trip.

Jan

Jan,

If START created QAPPs on these projects, please make sure I have a signed copy and send them to me. Rico did we create a separate one or just use ARs ?

Thanks,

Steve
